

# Finnair for Business – guide for travel agents

Finnair for Business is our solution for our cost-conscious corporate customers. Finnair for Business members enjoy discounts and benefits on our flights immediately after successful enrollment.

This quick guide leaflet is intended for travel agencies' use only. More info for travel agents on Finnair Easy [easy.finnair.com](https://easy.finnair.com)

More information for customers is available on Finnair for Business Portal [www.finnair.com/businesstravel](https://www.finnair.com/businesstravel)

## Finnair for Business in a nutshell:

### Discounted international flights

The discount is 7 % from the Flex and PrioFlex ticket types on Finnair's international flights in all travel classes (Business, Premium Economy and Economy) and from all booking classes (RBDs). Exceptions apply on Joint Business routes.

Discounts are available from the country the company has registered as Finnair for Business member. Companies registered in Europe get access to discounts on departure points across Europe. However, there is no discount on our domestic routes within Finland.

### Other benefits

- We will offer the best available alternative flight if customer's flight is cancelled or they miss their connecting flight on the same ticket. We are flexible and go the extra mile to find more options to meet customer's needs.
- Complimentary seat selection for standard and preferred seat types.

### Access to PrioFlex ticket

PrioFlex is our ticket type specifically designed for our corporate customers. Beyond flexibility, PrioFlex encompasses all the most sought-after priority services; priority check-in, security, and boarding for convenient travel in crowded airports. PrioFlex is available in Economy and Premium Economy class for our contractual corporate customers via NDC and our Corporate Portal at Finnair.com.
