November 2026

Mixed cabin per bound reshop for unpaid and paid Orders

Description

Seller can reshop an existing Order using “cabin per bound” criteria during the OrderReshop flow, for both unpaid and paid Orders.

Limitations

- Version 21.3 only
- Voluntary flows only (Prime booking and Servicing flows)
- Single Inventory only
- Maximum of 4 bounds per reshop request

Process

Scenario: Reshop of an Order (applicable to both unpaid and paid scenarios)

- In the original Order, two bounds were selected with cabin type 5 (Economy).
- In the OrderReshopRQ, both bounds are reshopped; the first bound (HEL-LON) is reshopped with cabin type 5 (Economy), while the second bound (LON-HEL) is reshopped with cabin 2 (Business).
- In the OrderReshopRS, the Offers returned all have cabin type 5 (Economy) for the first bound, and cabin type 2 (Business) for the second.
